Data Privacy

Privacy is very important to us, so we hereby clarify for what purpose we need the data from this form, what happens with this data and how long we will keep this information.

Further information can be found in our privacy policy on our website at <http://go.rent-a-developer.de/dataprivacy>.

For what purpose do we collect the data in this form?

We need this data to:

- check the legality of the return claim
- ensure that the refund is made for the correct order
- transfer the purchase amount - minus the processing fee - to your bank account

What happens to the data?

The data in this form are checked by us for completeness and correctness (for example, is all information legible, is the specified order number correct, etc.).

On the basis of the data, we check whether the return claim is justified (for example, does the specified order exist, was the return made on time, etc.).

Based on the specified bank details, we transfer the purchase amount - minus the processing fee - to the specified bank account.

Afterwards the form will be filed by us in a folder, which is stored in our house.

If you have sent us this form as an attachment to an email, this email including the attachment will be stored on our email server and the form will be printed on paper by us. In this case, please make sure that the email is transferred encrypted (for example, by using SSL encryption to communicate with your email server).

How long will the data be kept?

We retain the data for as long as we are obliged to do so under the terms of the applicable laws (in particular the tax laws).
